"Oyon" seems to have disturbed a a hornet's nest in the democratic camp, but fortunately the hornets have no stings and their twaddle falls harmless upon the ears of all sensible people.

A nameless winer in the Courier, in order to meet the charge that democrats were the instigators of the great rebellion, says that Giddings, Lovejoy, Wade, Greeley, Theodore Parker, Wendell Phillips and other noted republican leaders were instigators of rebellion.

Suppose it were true that the above named were "instigators of rebellion," which I deny, still that does not rub out the damnable mark of treason upon the orehead of the democratic party.

Neither Giddings, Lovejay, Parker nor Philips were ever classed as republicans, and Wade and Greeley, were like Van Buren, a democratic president, simply abolitionists and free soilers, and as its candidate for president in 1872 But if these men, "and other noted instigate rebellion, they did not partici- name go to the convention.
